

Regano®

Product Type: Natural oregano flavor

Product Form: Liquid or Dry Powder

Product Number: 9000 or 2018

Indications for Use: Administer through water or feed to provide flavor.

Product Features:

Patented Oregano oil extract

100% Natural Herbal Flavor

Consistent Quality-
Controlled Product

Product Benefits:

Manufactured by Ralco under US Patent #6106838 by permission of Ecopharm Hellas, S.A.

This is the only Greek-origin product derived from *Origanum vulgare* ssp. *hirtum* available for animals in North and South America.

Classified as GRAS (Generally Regarded As Safe) by the FDA.
Research proven to improve feed intake.

The oregano used is from a specific hybrid raised under strict quality controlled cultivation, harvest, distillation and manufacturing methods.
Pharmaceutical grade extract.

KEY POINTS:

- ◆ High quality, patented product derived from oregano grown, harvested and manufactured under a strict quality control regime. No other Greek oregano is grown under this type of system.
- ◆ 100% natural product recognized as safe with no residues or withdrawal.
- ◆ Research consistently shows improved feed intake.

DIRECTIONS FOR USE:

Phase	<i>In the Feed</i>	<i>In the Water</i>
	Lbs/Ton ¹	Oz/Gal Stock ²
Nursery 12-30 lbs.	2.0	12-16
Nursery 31-50 lbs.	1.0-2.0	12-16
Grow-Finish	0.5-1.0	6
Sows	0.5-1.0	6
Off Feed Events	1.0	6

¹ Inclusion based on concentrated Regano® 500 material.
Contact Ralco for information on Regano® 125 usage rates.

² Stock solution should be metered or mixed into the water supply at the rate of 1 ounce of stock solution per gallon of water (1:128). Consult your Ralco Nutrition, Inc. Representative for other recommendations.
